SUBJECT : Request for Houston-Fearless 16-35 MM Processor

1. We have a requirement for one Houston-Fearless 16-35 MM Processor, Model S-120 P/N, to be assigned to [ ] for support of the OXCART program. We have been advised informally by [ ] that some of these machines are available for redistribution from USAF assets.

2. It is requested that one of these processors be transferred to the Project Depot. We have requested the Project Depot to submit a requisition for these items to Mr. Douglas, AFLC.

3. Please confirm action taken.
